SUBJECT INDEX TO VOLUME II

(abs) = Abstract. (E) = Editorial. (B.R.) = Book Review.

Abdominal diagnosis, clinical vs. surgical, 209
Incisions: attempt at standardization (abs), 276
Cause of postoperative rupture of (abs), 276
Injury, case report of unusual, 362
Syndrome, new, and ureteral stricture (abs), 525
Testis, embryonal carcinoma of, 251
Wall, adenomyoma or endometrial implants in (abs), 401
Endometrioma of, general survey and case report of, 539
Postoperative gas bacillus infection of (abs), 77
Abscesses, stitch, prevention and treatment (abs), 273
Accidents, railway, and their complications, 54
Acetabulum, fracture of rim of, 267
Achondroplasia, etiology and pathogenesis of (abs), 86
Actinomycosis of face and neck treated with radium (abs), 303
Adenoma, toxic, and exophthalmic goiter (abs), 637
Adenomyoma or endometrial implants in abdominal wall (abs), 401
Adrenal tumors, diagnosis of (abs), 400
Malignant in children, (abs), 79
Adrenalectomy, remarks on (abs), 617
Air passages, non-opaque foreign bodies in x-ray diagnosis and localization (abs), 289
Aluminum acetate solution, dangers of use of, as a wet dressing, 573
American Association for the Study of Goiter, fourth annual meeting of, 178
Amputation, Porro's (abs), 93
Anemia, chronic (pernicious), further remarks on infection of the gall bladder in relation to (abs), 611
Anesthesia, internist's problem in, 320
Local, automatic injector for, 162
In toxic goiter (abs), 74
Sacral, perineal prostatectomy under (abs), 618
Aneurysm of abdominal aorta with gastric symptoms. Silver-plated wire introduced into sac of aneurysm (abs), 86
Angioneurofibroma of occipital nerve, 593
Ankle, dislocation of, with fracture and avulsion of head of astragalus, postoperative result in a case of, 508
Ankles, sprained, treatment of (abs), 194
Anterior dislocation, recurrent, at the shoulder. Operative cure by bone graft (abs), 621
Appendectomy, advantages of left "stance" in operation of, 572
Appendicitis, acute, chills in, 168
External fecal fistulae in (abs), 79
Chronic (abs), 613
Etiology of gangrenous (abs), 613
Helpful adjunct in treatment of (abs), 191
Pylephlebitis and liver abscess following (abs), 201
X-ray in (abs), 408
Appendix, gangrene of, associated with torsion of mesoappendix (abs), 191
Malignant diseases of (abs), 201
Vermiformis in formation of urethra in hypospadia, use of (abs), 526
Artery, epigastric, spontaneous rupture of, 462
Arthritis, use and action of o-iodoxy benzoic acid in treatment of (abs), 403
Arthrolith of unusual origin in knee joint, 476
Arthroplasty of hip joint, end results of (abs), 622
Ascarids, roentgen syndrome of stenosis of duodenum caused by (abs), 208
Astragalus, fracture and avulsion of, with dislocation of ankle, postoperative result in a case of, 508
Atelectasis, postoperative massive (abs), 85
Autopus therapy (abs), 624

Bacillus pyocyaneus infections in mastoid wounds, erysipelas following, 589
Bacterial filtrate, cures with, according to Besredka (abs), 273
Backache from standpoint of gynecologist, 257
Of orthopedist, 261
Lumbo-sacral (abs), 283
Beobachtungen und Ergebnisse bei einer Fünfjährigen Frakturenbehandlung. By Hans Scheffler (B.R.), 517
Bile duct obstruction demonstrated by sodium tetraiodphenolphthalein method (abs), 203
Biliary tract disease, chronic (abs), 78
Surgery of, advantages of early operation in, 567
Bipolar theory of living processes. By George W. Crile (B.R.), 69
Bladder, air in, causing death, roentgenographic explanation of (abs), 87
Calculus of, cystoscopy and roentgenography in (abs), 89
Cancer of (abs), 97
Gangrene of (abs), 279
Leukoplakia of (abs), 193
Neuromuscular dysfunction of, causing chronic pyelitis in childhood (abs), 80
Tumors, cystoscope for fulguration of, 390
Diagnosis and treatment of (abs), 406
Urinary, new tube for suprapubic suction drainage of, 387
Bone, giant cell tumor of (abs), 81
Lesion, how to diagnose (abs), 306
Sarcoma, registry of (abs), 199
Splitting in correction of bony deformities (abs), 195
Syphilis (abs), 85
Tumors, preoperative differential diagnosis of (abs), 403
Bones, electrically injured, changes in (abs), 207
Long tumors of (abs), 81
Brain, gliomas of, calcification of (abs), 90
Secondary tumors of (abs), 632
Tumors, diagnosis of (abs), 200
Breast, fat necrosis of (abs), 522
Late results after amputation of, for carcinoma (abs), 414
Male, swellings of (abs), 186
Tumors, diagnosis, treatment (abs), 303
Bronchi, lipiodol introduced into (abs), 196
Bronchiectasis and phthisis, surgical treatment of (abs), 396
Bronchography. Injection of iodized oil, 40 per cent (abs), 275
Bronchostenosis, diagnosis of, by means of contrast filling diseases of the large bronchi (abs), 288
Bronchus, method of removing bead from (abs), 74
Primary carcinoma of, with abscess of lung diagnosed bronchoscopically and injected with lipiodol (abs), 397
Buboes, roentgen therapy of (abs), 193
Burns and their treatment (abs), 402
Metabolism in, 364
Treatment of (abs), 608
Acid and alkali (abs), 608
Deep roentgen-ray, by excision and tissue shifting (abs), 637

Calculi, urinary, with special reference to end-results, 376
Calvé-Perthes' disease, clinical observations after healing of, compared with final deformities left by that disease, and bearing of those final deformities on ultimate prognosis (abs), 291
Cancer, cauterization and cautery excision of (abs), 636
Combining operation with radium treatment in (abs), 72
Gastric, lesions roentgenologically simulating, 234
Intra-oral, radon (radium emanation) as palliative agent in treatment of (abs), 633
Mule-spinners': clinical features and treatment (abs), 612
Of cervix uteri (abs), 93, 94, 96
Of esophagus, 83
Of gall-bladder (abs), 100
Of rectum and sigmoid (abs), 627
Of sigmoid in a young woman (abs), 375
Of stomach (abs), 399
Of terminal ileum causing "sciatica" (abs), 73
Primary, of proximal jejunum, causing high intestinal obstruction, 154
Results of treatment of, with combination of roentgen rays and intravenous dextrose injections (abs), 635
Radiation therapy in (abs), 299
Treated by radium or by surgery? (abs), 627
X-ray treatment of (abs), 300
Carbuncles, circuminjection of autogenous blood in treatment of (abs), 607
Carcinoma. See cancer.
Cardiospasm complicated by pulmonary abscess, case report of, 359
Carle, Antonio (E), portrait, 601
Carpal semilunar bone, dislocation of (abs), 406
Casts, plaster, new instrument for opening, 268
Table for applying, with patient recumbent, 595
Cauda equina, tumors of (abs), 634
Cecum, intussusception in lipoma of, 173
Malignant diseases of (abs), 201
Tuberculosis of (abs), 208
Cerebral birth paralysis. Factors which influence prognosis and treatment (abs), 403
Tumors, changes in sella turcica in (abs), 609
Cervix and fundus uteri, carcinoma of, treated by combinations of surgery, radium, and roentgen ray (abs), 297
Cesarean section, cancer of the cervix and pregnancy (abs), 93
Endometrial tissue, in abdominal scar following (abs), 614
Obstetric future of women delivered by the low or cervical (abs), 615
Chest, metastatic tumors in, problems in diagnosis and treatment of (abs), 198
Cholecystitis, chronic, analysis of 100 consecutive case (abs), 523
Clinical study of, with aid of cholecystography (abs), 296
Cholecystography (abs), 288, 406, 631
Experience with in cases coming to operation (abs), 631
Technic for intravenous infusion of sodium tetraiodophenolphthalein in (abs), 289
Cholecystostomy, end-results of, as shown by cholecystogram (abs), 611
Cholin, use of, in paralytic ileus (abs), 399
Chondrodysplasia (abs), 199
Circulatory disturbances, high frequency currents in treatment of (abs), 414
Clavicle, dislocation of outer end of (abs), 194, 403
Clawfoot with absent tendon reflexes, three cases of familial, 510
Clinical Surgical Diagnosis for Students and Practitioners. By F. de Quervain (B.R.), 517
Clinics, surgical, from Broad Street Hospital (abs), 73
Colon, diverticulitis of, 130
Malignant diseases of (abs), 201
Colonic diverticulitis (E), 180
Cornea, ulceration of, due to Bacillus pyocyaneus (abs), 520
Coxa valga, development of, through epiphyseal displacement (abs), 88
Cranial injuries, some conclusions on (abs), 519
Cranio-cerebral wounds, future of patients with (abs), 609
Cranium, tumors, within, causation of intracranial pressure associated with (abs), 185
Cyst, mucous, recurring in stomach (abs), 197
Cystoscope for fulguration of bladder tumors, 390
Cysto-urethroscope for applying heat to prostate and vesical orifice under vision, 390
Cysts, dermoid, of mediastinum (abs), 197

Deafness and fragilitas ossium (abs), 282
Diathermy in treatment of shock (abs), 71
In urogenital diseases, present value of, 327
In venerology, 101
Surgical, in removal of hemorrhoids, 575
Die Chirurgie. Ed. by M. Kirschner and O. Nordmann. (B.R.), 518
Digestive organs, secondary rôle played by microorganisms in causation of inflammatory conditions of, 443
Diphtheria infection of middle ear and mastoid, report of two cases of (abs), 396
Diverticulitis, colonic (E), 180
Of colon, 130
Of sigmoid, associated with tuberculosis, 142
Dringliche Operationen. By Dr. Alexander Tietze (B.R.), 517
Duodenal and gastric ulcer coincident (abs), 91
Intravenous injection of sodium chloride solution in treatment of (abs), 188
Ulcer, mechanism of pain in (abs), 188
Ulcers in children (abs), 188
Perforated, causes of death following operations for, and gastric (abs), 612
Duodenitis (abs), 523
Duodenum, stenosis of caused by ascarids, roentgen syndrome of (abs), 208
Dysentery, exploratory laparotomy and appendicectomy in chronic amebic (abs), 399
Dysmenorrhea (abs), 80
Dystonia, results of orthopedic treatment in, 506

Ear, middle and mastoid, diphtheria infection of, report of two cases of, (abs), 396
Elbow and wrist, paralytic deformities of, preliminary nonoperative care of, 510
Electrotherapy vs. surgery in abdominal affections, 23
Embolism, postoperative thyroid extract to reduce incidence of (abs), 185
Emmo Schlesinger's Röentgendiagnostik der Magen- und Darmkrankheiten. By Ernst Rachwalsky, (B.R.), 184
Empyema cavities, iodized oil in demonstration of (abs), 187
Endometrioma of abdominal wall, general survey and case report of, 539
Wandering (abs), 614
Epigastric artery, spontaneous rupture of deep, 462
Epulis and radium (abs), 274
Erysipelas following Bacillus pyocyaneus infections in mastoid wounds, 589
Roentgen-ray therapy in (abs), 72

Erysipelas, treatment of, in infants (abs), 273
By roentgen ray (abs), 608
With blood transfusion (abs), 196
Esophageal diverticula, functional (abs), 75
Esophagus, cancer of, 83
Congenital stenosis of, in woman aged 67: Involvement of cardia and middle third (abs), 196
Erosion of, early treatment in (abs), 76
Pulsion diverticula of, successful operation in eight cases of (abs), 521
Ether analgesia, rectal, in labor (abs), 615
Effect of, on renal function (abs), 278
Études sur Les Affections des Os et des Articulations. By André Léri (B.R.), 606

Face, treatment of infections of (abs), 519
Fecal Fistula: an aid to closure, 371
Femur, fracture of, 28
Method of treating in adults, 415
Poliomyelitis in, in child of two, 166
Fibrolipoma, report of case of sub-pleural (abs), 630
Fibroma, huge, of mesentary, resection of six feet of jejunum in, and recovery, 160
Of small intestine: intussusception, 174
Fibromyomata, radiation for relief of menorrhagia and metrorrhagia caused by, 546
Fistula, fecal: an aid to closure, 371
Fistulae, external fecal, in acute appendicitis (abs), 79
Fistulous tracts, iodized oil in demonstration of, and empyema cavities (abs), 187
Flat foot operation, plastic (abs), 286
Folliculitis naris, perforating (abs), 274
Foot, march (abs), 206
Foramen, supratrochlear, clinical and anthropological considerations of, 501
Forgotten German master of surgery (E), 65
Fracture, age of, shown by roentgen picture (abs), 83
Fracture surgery (abs), 82
Fractures, leucocytosis accompanying (abs), 623
Multiple, report of two unusual cases, 422
Fragilitas ossium and deafness (abs), 282
Frenum labium, abnormally attached, with surgical interference (abs), 73
Freud's syndrome in a case of carcinoma of jejunum (abs), 198

Gall bladder, actinomycosis of (abs), 277
Carcinoma (abs), 100
Diagnosis from standpoint of surgeon (abs), 203
Disease, chronic, medical aspects of, 315
Double, (abs), 291
Infection of, further remarks on, in relation to chronic (pernicious) anemias (abs), 611
Is removal of, safe without drainage? (abs), 78
Stoneless (abs), 189
Surgical pathology of (abs), 277
Weakly concentrating, in relation to cholecystography (abs), 407
Gall bladders, bacteriologic study of, removed at operation (P.S.), 190
Gallstones carcinoma (abs), 100
Gas bacillus infection of abdominal wall, post-operative (abs), 77
Toxemia in intestinal obstruction and peritonitis (E), 63
Gangrene in civil surgery (abs), 73, 274
Gastric cancer, lesions roentgenologically simulating, 234
Carcinoma, the newer clinical aspects of (abs), 202
With report of three cases of apparent cure (abs), 411
Diverticulum, report of case of (abs), 630
Resection for carcinoma, late results of (abs), 78
Ulcer and duodenal, coincident (abs), 91
Considerations in diagnosis and treatment of, 563
Gastric ulcer and duodenal, intravenous injections of sodium chloride solution in treatment of (abs), 188
Mechanism of pain in (abs), 79, 188
Penetrating, situated near cardia. Visualization of cardia (abs), 289
Gastric ulcers and duodenal with report of unusual cases (abs), 287
Perforated, causes of death following operations for, and duodenal (abs), 612
Gastritis, phlegmonous (abs), 613
Gastroduodenal invagination (abs), 277
Gastrointestinal perforation, roentgenography in diagnosis of, 449, (abs) 87
Genital organs, female, lipiodol in roentgenographic examination of, (abs), 88
Support for perineal operations, 62
Genitourinary tract, malignant disease of, deep roentgen-ray and radium therapy in, 101
Gliomas of brain, calcification of (abs), 90
Glycerine, use of solution of certain dyestuffs in, in surgical therapeutics, 239
Goiter, American Association for the Study of, fourth annual meeting of, 178
And other diseases of the thyroid gland. By Arnold S. Jackson (B.R.), 183
Cases and some of their complications, management of, 558
Exophthalmic and toxic adenoma (abs), 637
Roentgen therapy of (abs), 303
Indications for surgical treatment of (abs), 625
Medical treatment of, on radical lines, and the thermogenic system, 548
Problem, neglected factors in (abs), 185
Resume (abs), 626
Surgery, complications and their prevention in, 350
Surgical treatment of (abs), 626
Toxic, local anesthesia in (abs), 74
Preoperative iodine therapy in, indications and limitations of, 354
System of control and treatment in (abs), 626
Gonococcal abscess, metastic intra-muscular (abs), 77
Graham, method of (abs), 205
Gynecology, is sedimentation test of practical value in? (abs), 402
Nonspecific protein therapy in (abs), 402

Hand infections, management of, 38
Neurospastic fixation of a deformity characteristic of dislocation of semilunar bone (abs), 282
Prevention of contractures following infections of (abs), 620
Surgery of nerves of (abs), 280
Handbuch der Biologischen Arbeitsmethoden. By Emil Abderhalden (B.R.), 69
Harelip and Cleft Palate. By Mathew N. Federspiel (B.R.), 605
Head injuries marked by intracranial tension (abs), 73
Heliotherapy in relation to treatment of tuberculosis in spine of children (abs), 404
Hemorrhoids, surgical diathermy in removal of, 575
Treatment of, by dilatation and injection, 579
Hernia and diaphragmatic relaxation, roentgenological differential diagnosis between (abs), 632
Case of congenital bilateral diaphragmatic (abs), 295
Fascial strip transplants in treatment of, 532
Inguinal, fundamental principle underlying operative cure of (abs), 400
Operative treatment of, by living sutures, 1
Roentgenologic aspects of various types of (abs), 628
Hernioplasty, inguinal, 513
Hip, early treatment of congenital dislocation of (abs), 623
Joint, end results of arthroplasty of (abs), 622

Hip, reconstruction operation of, choice of procedure in, 216
Treatment of tuberculosis of (abs), 195
Hips, non-tuberculous, in children simulating tuberculosis (abs), 195
Hydronephrosis, bilateral, and hydroureter, spina bifida with congenital spinal cord defects secondary to, 484
Polystic kidneys (bilateral) with, 487
Relation of abnormally running renal vessels to (abs), 617
Hygieia or Disease and Evolution. By Burton Peter Thom (B.R.), 70
Hyperthyroidism (abs), 304
Iodine, 346
Treated by *x*-rays (abs), 296
Without increased metabolism, symptom complex resembling (abs), 186

Icterus index, determination by capillary blood (abs), 71
Ileus, chronic duodenal (abs), 408
Paralytic, use of cholin in (abs), 399
Postoperative paralytic, on seventeenth day, 177
Infections of the Hand. By Lionel R. Fifield (B.R.), 605
Injector, automatic, for local anesthesia, 162
Internist's problem in anesthesia, 320
Intestinal anastomoses, multiple operations and, 470
Simple method of, illustrated by three diverse cases of its application to large intestine (abs), 524
Obstruction, acute mechanical, diagnosis in, 147
Acute mechanical, treatment in, 435
And peritonitis, gas bacillus toxemia in (F), 63
Clinical study of acute (abs), 278
High, carcinoma of proximal jejunum causing, 154
Of jejunum and ileum, mechanical, experiments in (abs), 79
Postoperative, on 5th day, 176
Intestine, fibroma of small: intussusception, 174
Foreign bodies in, 169
Large, cancer and diverticulitis of (abs), 88
Postoperative mechanical obstruction of, on thirty-second day, 175
Intra-abdominal tumor cured by roentgen therapy (abs), 92
Intradermal salt solution test and post-operative metabolism (abs), 607
Intrathoracic new growths (abs), 84
Intussusception, roentgen appearance of acute (abs), 525
Iodine hyperthyroidism, 346
Therapy, preoperative, indications and limitations of, in toxic goiter, 354
Iodinized oil (iodinin) in gynecology as diagnostic aid (abs), 410
Iodized oil as pyelographic medium, (abs), 410
In demonstration of empyema cavities and fistulous tracts, (abs), 187
Iodized oils, roentgenography and therapy with (abs), 628
Iritis, roentgenography of exudative (abs), 636

Jaundice, obstructive, due to calcified lymph nodes around common bile duct, 374
Jejunal ulcers, secondary, and their radiological diagnosis (abs), 413
Jejunum, carcinoma of, causing high intestinal obstruction, 154
Freud's syndrome in a case of (abs), 198
Resection of six feet of, in huge fibroma of mesentary, and recovery, 160
Joint contractures, rôle of capsule in, with especial reference to subperiosteal separation (abs), 281

Kidney, calcified hypernephroma of (abs), 287
Calculous pyonephrosis of left, and hepatic calculus, roentgen study of case of, (abs), 293
Calculus of, and ureter (abs), 207
Diagnosis of cystic (abs), 407
